### NOTICE TO CONTRACTORS

#### SAANICH ELECTORAL DISTRICT

Project No. 288—Victoria—Patricia Bay Highway, Sta. 416+36.6 to Sta. 708+93.9 (5.58 Miles)

SEALED TENDERS, marked "Tender for Victoria—Patricia Bay Highway," will be received by the Minister of Public Works, Douglas Building, 617 Government Street, Victoria, B.C., up to 12 o'clock noon (Pacific Standard time) on Tuesday, the 16th day of October, 1951, and opened in public at that time and date.

Plans, specifications, and conditions of tender may be obtained from the Public Works Office, 635 Burrard Street, Vancouver 1, B.C., or from the undersigned, on deposit of a sum of ten dollars

(\$10), which will be refunded on their return in good condition within a period of one month of the receipt of tenders, except in the case of the successful tenderer where the plan deposit is not refundable.

Each tender must be accompanied by an accepted cheque on a chartered Canadian bank for the sum of twenty-two thousand dollars (\$22,000). This deposit shall be forfeited if the tenderer declines to enter into contract, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them when the contract has been awarded.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

Tenderers must submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal that is immediately available for the carrying-out of the work within the time-limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date. No tender will be considered that does not contain this information.

No tender will be accepted or considered that contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

The objects for which the Company is established are:—

(a) To carry on the business of a general tug, towing, and steamship company in any and all of their branches; to purchase, acquire, charter, hire, build, repair, own, equip, manage, and operate ships, tugs, boats, launches, barges, and other vessels of every nature and kind and operated by steam, oil, gasoline, electricity, or any other motive power, with all equipment and furniture or any shares or interest therein, or securities or shares in any company possessed of or interested in any such vessels and to sell, mortgage, lease, alienate, or dispose of the same or any of them as to the Company may seem fit, and to employ the same in pursuance of the Company's business as it may seem expedient:

(b) To carry on the business of timber merchants, sawmill, shingle-mill, pulp-mill, and paper-mill owners and operators, loggers, foresters, lumbermen, and lumber merchants in all or any of their branches; to buy, sell, log, prepare for market, manipulate, import, export, handle, convey, and deal in logs, timber, piles, poles, railroad ties, lumber, pulp, paper, and wood of all kinds, and to manufacture and deal in lumber, timber, shingles, laths, sashes, doors, pulp, paper, and wood products of all kinds:

(c) To purchase or otherwise acquire sawmills, shingle-mills, and mills of any other description for the manufacture of lumber, shingles, railroad ties, pulp, paper, and other timber products:

(d) To acquire all necessary machinery and equipment for such manufacture of lumber, shingles, ties, pulp, paper, and other timber products:

(e) To purchase, lease, take by licence, or otherwise acquire, sell, deal with, use, and dispose of any lands, timber licences or limits, grants, concessions, leases, mill-sites, and any real or personal properties of every description, and to work, develop the resources of, and turn to account the same in such manner as the Company may see fit:

(f) To carry on the business of general merchants, hotel-keepers, boarding and lodging house keepers, restaurateurs, innkeepers, victualers, and provisioners, and to establish shops or stores and to purchase and to vend general merchandise:

(g) To carry on the business of log salvors and to accept compensation, reward, or remuneration for such log salvage; to enter into contracts for the salving of logs, and to sell, vend, or deal in stamped or unstamped and marked or unmarked logs as the law may allow:

(h) To carry on the business of retail and wholesale fishermen, trollers, sciners, and gillnetters and to catch, process, and vend fish of every nature and kind:

(i) To acquire and take over by purchase or otherwise in any way whatsoever all or any part of the stock-in-trade, plant, leases, licences, and all other goods and chattels, personal property, and real property and assets of any person, firm, or corporation or of any business whatsoever and wheresoever carried on, or which may at any time be carried on, either subject to the whole or part of the liabilities thereof respectively, or otherwise as may be agreed, and in either or any of the above cases and in the case of any debt or account owing or payable by the Company at any time to any person, firm, or corporation (including any shareholder or director of the Company) and (or) in the case of any liability, obligation, or contract for or in respect of which the Company is or is about to become liable, to pay for, satisfy, or discharge the same either in money or debentures or bonds or shares of the Company, or partly in money and partly in shares or bonds or debentures of the Company, or partly in money and partly in shares and partly in bonds or debentures of the Company, or partly in shares and partly in bonds or debentures of the Company, or partly in shares and partly in bonds or debentures of the Company, said shares in any or either case to be either partly or fully paid up; such debentures to be secured either by charge on or a deposit of any part or all of the Company's property of any kind whatsoever both present and future including its uncalled capital, or without such charge:

(j) To guarantee and become surety for the performance of any contract, obligation, or undertaking made or to be made by any person, firm, or corporation whatsoever, and to secure the performance thereof by mortgage or charge on all or any of the property or assets of the Company including its unpaid or uncalled capital for the time being, or in any other manner whatsoever. Provided that nothing herein contained shall confer on the Company the powers of an insurance company within the meaning of the "Insurance Act":

(k) To secure the fulfilment of any contracts or engagements entered into by the Company by mortgage or charge on all or any of the property of the Company and its unpaid or uncalled capital for the time being, or in any manner whatsoever:

(l) To register or license the Company in any of the Provinces of Canada or elsewhere wheresoever and to do all necessary things in that behalf:

(m) To apply for, purchase, or otherwise acquire any patents, brevets d'invention, licences, concessions, and the like conferring any exclusive or non-exclusive or limited right to use, or any secret or other information as to any invention which may seem capable of being used for any of the purposes of the Company, or the acquisition of which may be calculated, directly or indirectly, to benefit the Company; and to use, exercise, develop, or grant licences in respect of or otherwise turn to account the property, rights, or information so acquired:

(n) To make loans to the Company's shareholders or directors on such terms as to security and at such rate of interest as the directors of the Company may approve:

(o) To carry on any other business which may seem to the Company capable of being conveniently carried on in connection with any of the above-specified businesses, or calculated, directly or indirectly, to enhance the value of or render profitable any of the Company's property or rights:

(p) And it is hereby declared that the word "Company" in this clause shall be deemed to include any partnership or other body of persons, whether incorporated or not incorporated, and

whether domiciled in British Columbia or elsewhere, and the intention is that the objects specified in each paragraph of this clause shall, except where otherwise expressed in such paragraph, be independent main objects, and shall be in nowise limited or restricted by reference to or inference from the terms of any other paragraph or the name of the Company.

(j) To furnish and provide deposits and funds required in relation to any tender or application for any contract, concession, decree, enactment, property, or privilege, or in relation to the carrying-out of any contract, concession, decree, or enactment:

(k) Nothing herein contained or in section 22 of the "Companies Act" shall authorize the Company to trade, deal, or speculate in real estate, but this shall not prevent the Company from buying or selling real estate as a means of investing the Company's funds, or in the fulfilment or exercise of the Company's other objects or powers:

(l) To assist in the promotion, organization, development, and management of any corporation or company, and to raise and assist in raising money for, and to aid by way of bonus, loan, promise, endorsement, guarantee, or otherwise, any corporation in the capital stock of which the Company holds shares or with which it may have business relations, and to offer for public subscription or otherwise any shares, stocks, bonds, debentures, notes, or other securities of any other company or corporation, and to act as an employee, agent, or manager of any such corporation, and to carry on the business thereof, and to guarantee the performance of contracts of any such corporation or by any person or persons with whom the Company may have business relations:

(m) To engage in any branch of mining, smelting, milling, and refining of minerals:

(n) To allot and credit as fully paid or partly paid up shares or bonds, debentures, and debenture stock of the Company as whole or part of the purchase price of or for any good-will, rights, or property acquired or to be acquired by the Company or for services rendered or to be rendered to the Company or for any valuable consideration:

(o) To exercise all other powers, rights, and privileges competent to a company incorporated under the "Companies Act" or any Act in amendment thereto or substitution therefor:

(p) To carry out and exercise the aforesaid objects, powers, rights, and privileges within the Province of British Columbia and elsewhere:

(q) The word "company" in this memorandum when applied otherwise than to this Company shall be deemed to include any partnership or other body of persons whether corporate or unincorporate, and whether domiciled in British Columbia or elsewhere, and the objects specified in each of the paragraphs hereof shall be regarded independently, and accordingly shall be in nowise limited or restricted (except when otherwise expressed in such paragraph by reference to the objects and powers indicated in any other paragraph or the name of the Company) but may be carried out in as full and ample a manner and construed in as wide a sense as if each of the said paragraphs defined the objects and powers of a separate, distinct, and independent company.

## "COMPANIES ACT"

I HEREBY CERTIFY that there have this day been registered pursuant to the "Companies Act," an office copy of an order of the Honourable Mr. Justice Manson, dated the 30th day of August, 1951, confirming wholly a special resolution of the Wood, Fahlman and Company Ltd. for the alteration of the objects of the Company, and a copy of the memorandum of association of the Company as altered.

The objects of the Company have been extended by the addition of the following clauses:—

(c) To carry on any or all lines of business as manufacturers, producers, merchants, wholesale and retail, importers and exporters, generally without limitation as to class of products and merchandise, and to manufacture, produce, adapt, prepare, buy, sell, and otherwise deal in any materials, articles, or things required in connection with or incidental to such business:

(d) To carry on the business of timber merchants, sawmill, shingle-mill, and pulp-mill owners, loggers, lumbermen, and lumber merchants in any and all their branches; to buy, sell, prepare for market, manipulate, import, export, and deal in sawlogs, timber, piles and poles, lumber and wood of all kinds, pulp, pulp-wood, paper and other products and by-products of wood and all other articles and materials into which wood, pulp, pulp-board, or paper enter or form part, and to manufacture and deal in lumber, timber, shingles, laths, sashes and doors, portable houses, buildings, and all articles and materials in the manufacture whereof timber, lumber, or wood is used:

(e) To purchase or otherwise acquire, maintain, keep, and improve all kinds of sawlogs and other buildings, plant, and machinery of every description, timber leases, licences, and lands, patent rights and trade-marks, and to dispose of the same from time to time by way of sale, lease, or otherwise:

(f) To acquire real and personal property and to hold the property so acquired for investment only and not for speculation or trading and to utilize the funds of the Company to acquire such real and personal property:

(g) To loan or advance any of the funds of the Company to any of the shareholders of the Company or to any other person, firm, or corporation:

(h) The objects set forth in subclauses (f) and (g) of clause 3 shall not, except where the context expressly so requires, be in anywise limited or restricted by reference to or inference from the terms of any other subclause of this clause and the Company shall have full power to exercise all or any of its objects in any part of the world.

Given under my hand and seal of office at Victoria, Province of British Columbia, this first day of September, one thousand nine hundred and fifty-one.

## DEPARTMENT OF PUBLIC WORKS

### "BOILER AND PRESSURE-VESSEL ACT"

NOTICE is hereby given that by Order in Council No. 2049, approved August 25th, 1951, the following regulations have been made, superseding sections 221 to 230, inclusive, of the regulations known as the "Boiler Code," governing the design, construction, and inspection of boilers, pressure-vessels, and appurtenances in British Columbia, made pursuant to the provisions of the "Boiler and Pressure-vessel Act," being chapter 30 of the "Revised Statutes of British Columbia, 1948," approved the 8th day of October, 1947, by Order in Council No. 2023:—

### REGULATIONS GOVERNING HOT-WATER HEATING PLANTS

#### General Regulations

1. (a) In these regulations the expression "Act" means the "Boiler and Pressure-vessel Act," and includes the regulations made thereunder; all other expressions shall have the same meaning as in the Act.

(b) These regulations shall apply:—

(i) To every hot-water boiler over 10 horsepower:

(ii) To every hot-water boiler of 10 horsepower or under when installed in a school, hospital, church, theatre, hall, auditorium, or building where the public assembles:

(iii) To every hot-water supply-boiler and every hot-water storage-tank in a plant within the scope of the Act.

(c) No hot-water boiler shall be operated at a pressure exceeding 160 p.s.i. nor a temperature exceeding 250° F.

(d) In conditions exceeding those specified in (c), the regulations governing high-pressure boilers shall apply and a certificated engineer shall be in charge.

(e) No person shall operate a hot-water boiler unless the owner is the holder of an unexpired certificate of inspection thereof.

(f) The working-pressure of cast-iron boilers is limited to 30 p.s.i., unless registered with the Department for a higher pressure.

(g) Drawings and specifications of design with application for approval and registration shall be submitted, in triplicate, for all boilers, pressure-vessels, and fittings.

(h) A manufacturer's affidavit of construction or A.S.M.E. data report shall accompany each boiler and each pressure-vessel over 24 inches in diameter.

#### Boiler-room

2. (a) *Doors.*—Except where boiler-rooms are provided with sliding doors equipped with fusible links, all boiler-room doors shall open outwards and shall not be locked when boiler is in operation.

(b) *Dampers.*—The uptake damper shall be so constructed that there will be a 20-per-cent opening when the damper is fully closed.

(c) *Ventilation.*—Boiler-rooms shall be provided with ample air intake to permit complete combustion of the fuel used without any chance of back-fire or similar action.

(d) *Cleanliness.*—Boiler-room floors shall be free from oil and inflammable material. There shall be no obstructive material which will interfere with proper operation of the boiler.

(e) *Drainage.*—Floors, pits, and sumps shall be provided with suitable facilities for drainage.

(f) Walls, partitions, chimneys, smoke-pipes, oil-storage tanks, and oil-burning equipment shall be in full compliance with the regulations pursuant to the "Fire Marshal Act."

(g) Electrical fittings and equipment shall be in full compliance with the regulations pursuant to the "Electrical Energy Inspection Act."

Installation

3. (a) *Notification.*—A person who installs or causes to be installed a hot-water boiler shall notify the Chief Inspector before such plant is put into operation.

(b) *Contractor's Report.*—When a contractor has reported the completion of an installation but an inspection cannot be made at that time, the contractor may make a written request to the Chief Inspector to operate that plant. Providing the contractor submits duplicate copies of a "contractor's report" form duly completed, together with the current year's inspection fees for the plant, the Chief Inspector may issue an "interim certificate" which will authorize the operation of that plant until such time as it can be inspected.

(c) *Setting.*—(i) Each boiler shall have a minimum clearance of 24 inches at sides and back.

(ii) There shall be sufficient clearance above the boiler to permit the proper location of the necessary fittings and piping.

(iii) There shall be sufficient clearance at front of boiler to permit tube-renewal, cleaning of fires, or maintenance of mechanically or electrically operated fuel equipment.

(d) *Access Door.*—The minimum size of access door to the combustion space shall be 12 by 16 inches or equivalent area, the least dimension being 11 inches.

(e) *Piping.*—Provision shall be made for the expansion and contraction of piping connected to boilers, by providing substantial anchorage at suitable points, so that there shall be no undue strain transmitted to the boiler.

(f) *Oil Heaters.*—Positive means shall be provided to prevent the introduction into the boiler of oil or other liquid harmful to boiler operation.

(g) *Welding.*—No welder shall do any welding on the pressure parts of any heating plant unless he is the holder of a valid unexpired welder's certificate.

(h) *Repairs.*—No welder shall make any welded repairs on the pressure parts of any hot-water heating plant without the approval of an Inspector.

(i) *Open Systems.*—Open hot-water heating systems shall be so installed that there will be no opportunity for the fluid-relief column to freeze or to be accidentally shut off.

If the cross-sectional area of the fluid-relief column is not large enough to provide a relieving capacity equal to the maximum B.T.U. output of the boiler, then a relief-valve shall be fitted to provide the additional escape area.

Greenhouses, nurseries, and market-gardens with large low-head hot-water systems of the open type having a fluid-relief column of at least 2-inch diameter may be exempt from annual inspection after approval by an Inspector. An open expansion-tank shall have an indoor overflow from its upper portion in addition to an open vent, the indoor overflow to be carried within the building to a suitable plumbing fixture or to the basement.

(j) *Closed Systems (see Fig. 1).*—In all closed hot-water systems an air-tight tank or other suitable air cushion shall be installed that will be consistent with the volume and capacity of the system. The capacity of the cushion tank should be not less than the following sizes, and provision shall be made for draining it without emptying the system:—

Square Feet of Equivalent Direct Radiation Installed	Gallon Tank	Square Feet of Equivalent Direct Radiation Installed	Gallon Tank
Up to 350	18	Up to 1,400	40
Up to 450	21	Up to 1,600	2—30
Up to 650	24	Up to 1,800	2—30
Up to 900	30	Up to 2,000	2—35
Up to 1,100	35	Up to 2,400	2—40

For systems with more than 2,400 square feet of installed equivalent direct water radiation, the required capacity of the cushion-tank shall be increased on the basis of 1 gallon tank capacity per 33 square feet of additional equivalent direct radiation.

(k) *Cushion-tanks.*—Vessels of 10 gauge tank steel throughout and not exceeding 24 inches in diameter will be acceptable as cushion-tanks, with a limited working pressure of 45 pounds.

Fittings

4. (a) *Stop-valves.*—When a stop-valve is used in the supply-pipe connection of a single boiler, there shall be one used in the return-pipe connection. It is recommended that no stop-valve be placed in the supply and return pipes of a single boiler installation. A stop-valve shall be used in each supply and return pipe of two or more boilers connected to a common system.

(b) *Pressure or Altitude Gauges.*—Each hot-water boiler of a closed system shall have a pressure-gauge. A hot-water boiler in an open system may be fitted with an altitude-gauge.

(c) *Thermometers.*—Each hot-water boiler shall have a thermometer so located that it shall be easily readable when observing the water pressure or altitude, and it shall be so located that it shall at all times indicate the temperature of the water in the boiler at or near the outlet.

(d) *Temperature Combustion Regulators.*—Each hot-water boiler fired by oil, gas, or a mechanical stoker shall have two combustion regulators which will control the rate of combustion to prevent the temperature of the water from rising above 250° F. at or near the outlet. One such regulator shall be set to operate at 10° F. higher than the other.

(e) *Bottom Blow-off.*—Each boiler shall have a blow-off pipe connection fitted with a valve or cock not less than ¾-inch pipe size connected with the lowest water-space practicable.

Relief-valves

5. (a) Each hot-water heating or hot-water supply-boiler shall have one or more relief-valves of the spring-loaded type without disk guides on the pressure side of the valve. Each relief-valve shall have a substantial device which will positively lift the disk from its seat at least one-sixteenth of an inch when there is no pressure on the boiler.

(b) Where two relief-valves are fitted, the smaller valve shall be called the primary relief-valve and the larger valve shall be called the emergency relief-valve.

(c) The primary valve may be installed directly on the top of the boiler or on the cold-water supply-line on the low-pressure side of the reducing-valve, and at a point above the level of the boiler-top.

(d) Relief-valves of the diaphragm type are restricted to use on cold-water supply-lines. They shall not be installed on the boiler as emergency relief-valves.

(e) The emergency relief-valve shall in all cases be fitted either directly on the boiler-top or on some adjacent fitting approved by an Inspector.

(f) Primary relief-valves shall be set at not more than 10 per cent above the maximum working-pressure of the boiler.

(g) Emergency relief-valves shall be set 15 pounds above the maximum working-pressure of the boiler with working-pressure up to and including 75 p.s.i. and 20 per cent above the maximum working-pressure above 75 p.s.i. and up to 160 p.s.i.

(h) The steam-relieving capacity in pounds per hour shall be determined by dividing the maximum B.T.U. output at the boiler-nozzle obtained by the firing of any fuel for which the unit is designed by 1,000, or by multiplying the square feet of heating-surface by 5.

(i) In estimating relief-valve capacity required, the total capacity of all relief-valves fitted shall be included. No relief-valve shall be smaller than three-quarters of an inch nor larger than 4½ inches standard pipe size. The inlet opening shall have an inside diameter equal to or greater than the seat diameter.

Installation of Safety and Relief Valves

6. (a) Relief-valves shall be connected to the top of boilers with the spindle vertical if possible, either directly to a tapped or flanged opening in the boiler, to a fitting connected to the boiler by a

close nipple, to a Y-base, to a valveless water-pipe between adjacent boilers, or to a valveless header connecting water outlets on the same boiler.

(b) When a Y-base is used, the inlet area shall be not less than the combined outlet areas. When the size of the boiler requires a safety-valve or relief-valve larger than  $4\frac{1}{2}$  inches in diameter, two or more valves having the required combined capacity shall be used. When two or more valves are used on a boiler, they may be single, directly attached, or mounted on a Y-base.

(c) No shut-off of any description shall be placed between the safety or relief valve and the boiler, nor on discharge-pipes between such valves and the atmosphere. Safety and relief valves shall not be connected to an internal pipe in the boiler.

(d) When a discharge-pipe is used, its area shall be not less than the area of the valve or aggregate area based on the nominal diameters of the valves with which it connects, and the discharge-pipe shall be fitted with an open drain to prevent water from lodging in the upper part of the valve or in the pipe. When an elbow is placed on a safety or relief valve discharge-pipe, it shall be supported so that no undue stress is placed on the valve body. The discharge from safety or relief valves shall be so arranged that there will be no danger of scalding attendants.

#### *Hot-water Supply-boilers*

7. (a) Hot-water supply-boilers of over 2 horsepower or equivalent rating shall be subject to the same regulations governing construction and design as hot-water boilers.

(b) Hot-water supply-boilers under 3 horsepower shall be considered as appurtenances to the main plant. Such boilers, however, will be subject to inspection and shall be properly installed and equipped with a relief-valve of adequate capacity. A diagram of a suitable arrangement of supply boiler and tank is shown in Fig. 2.

(c) When a hot-water tank is heated indirectly by means of a steam coil or pipe, the pressure of the steam used shall not exceed the safe working-pressure of the hot-water tank, which shall be fitted with an approved hot-water relief-valve of not less than 1-inch size set to relieve at or below the safe working-pressure of the tank.

#### *Automatic Water-heaters*

8. For the purpose of these regulations, any hot-water storage-tank 24 inches in diameter or under, equipped with integral gas or oil burners or electric heaters, shall be called an automatic water-heater. An automatic water-heater which is of proprietary design and is carried regularly in a dealer's stock is acceptable, provided:—

- (i) The design is registered with the Boiler and Machinery Inspection Department;
- (ii) It is limited to a working-pressure of 100 pounds or less;
- (iii) It is fitted with a safety-valve of adequate capacity, placed at the highest point of the tank; such safety-valve to have its spindle vertical and fitted with a discharge-pipe as well as a testing-lever.
- (iv) It is fitted with automatic temperature-control. An Inspector may, if he considers any automatic water-heater unfit for the duties it performs, either reduce its working-pressure or have it taken out of service, in which case he shall report forthwith to the Chief Inspector, who may prohibit the sale or operation of any such automatic water-heater until the design has been amended to his satisfaction.

The mechanical drawings (Figs. 1 and 2) referenced in the above regulations are on file in the offices of the Department of Public Works, Victoria, B.C., and the Chief Inspector of Boilers, Vancouver, B.C.

#### EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a) A printed copy of such Bill;
- (b) A copy of the petition to be presented to the House;
- (c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or

persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring  $10\frac{3}{4}$  inches by  $7\frac{1}{2}$  inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5th, 1949.
